Professional Summary

Computer Science and Engineering undergraduate with hands-on experience in Java development, REST APIs, database integration, and full-stack application development. Developed an AI-powered Employee Management System using React, Spring Boot, PostgreSQL, Spring AI, and Groq API. Seeking opportunities to apply technical skills and contribute to real-world software development projects.

Technical Skills

- **Programming Languages:** Java, C, C++, JavaScript, SQL, HTML, CSS
- **Core Technical Skills:** Object-Oriented Programming (OOP), Data Structures and Algorithms, REST API Development, CRUD Operations
- **Tools / Software:** Git, GitHub, IntelliJ IDEA, VS Code, Postman, Maven, Apache NetBeans
- **Database / Platforms:** PostgreSQL, MySQL, React.js, Spring Boot, Tailwind CSS, Spring AI

Internship / Training

Java Intern **June 2026 – July 2026**
Orane Consulting Pvt. Ltd. *Noida, Uttar Pradesh*

- Developed a full-stack Employee Management System using React, Spring Boot, and PostgreSQL.
- Implemented REST APIs for employee registration, authentication, profile management, and employee CRUD operations.
- Implemented role-based access control to differentiate Admin and Employee functionalities, enabling specific access to employee and asset management features.
- Worked on asset management features, including asset assignment, updates, employee-wise asset allocation, and deletion.
- Integrated an AI chatbot using Spring AI and Groq API to support employee-related queries.
- Tested REST APIs using Postman and integrated frontend components with backend services.

Projects

Customized NLP-Based Intelligent Shell *Academic Project*

- Built an NLP and BiLSTM-powered shell to translate natural language inputs into executable system commands.
- Integrated intent classification, argument extraction, confidence scoring, and safety checks for secure command execution.

Todo Management Application *React, JavaScript, Tailwind CSS*

- Developed a responsive task management application with create, read, update, and delete functionality.
- Implemented Local Storage, task filtering, editing, and completion tracking.

Education

Dronacharya College of Engineering Gurugram, India
B.Tech in Computer Science and Engineering 2024 – 2028
CGPA: 7.80/10

Senior Secondary (Class XII) – SD Model Sr. Sec. School, Karnal 2024
CBSE: 80.00%

Secondary (Class X) – DAV Centenary Public School, Bahadurgarh 2022
CBSE: 85.60%

Certifications

- Data Structures and Algorithms Design (Elite) – NPTEL
- Web Development for Beginners – Simplilearn
- Use Generative AI for Software Development – IBM SkillBuild
- C++ Programming Course – Infosys
- Introduction to Machine Learning – Infosys
